Larry Kunzler
24197 Amy Lane
Sedro-Woolley, WA 98284

Dear Mr. Kunzler:

Thank you for taking the time to provide us with your comments on the Skagit River General Investigation Preliminary Measures. The team is evaluating all of the comments and responses will be posted.

If your comment requires followup, you will get a response within 12 weeks. Some comments do require detailed analysis.

The team intends to use the comments in refining the 37 preliminary measures and combining the best measures into alternatives and a recommended plan. We will seek additional public input on the alternatives and recommended plan before presenting it to Congress.

The preliminary measures presentation, along with all of the comments, can be found by going to www.nws.usace.army.mil and selecting Skagit River Flood Damage Reduction Study in the Corps Topics box, top right hand corner. We will use this site to post responses to the comments.

If you have questions, please contact the Project Manager, Linda Smith, at (206) 764-6721 or linda.s.smith@usace.army.mil.

Sincerely,

A handwritten signature in blue ink, which appears to be "Anthony O. Wright", is written over a circular stamp or seal.

Anthony O. Wright
Colonel, Corps of Engineers
District Commander
