

# Skagit River General Investigation Study

Public Outreach on Preliminary Range of Alternatives

April/May 2012

## ***We want to hear from you!!***

Please take the time to respond to the questions below. You can provide your comments by:

- ✓ Leaving this form with us today or at Skagit County Public Works
- ✓ Putting a stamp on this form and sending by regular mail
- ✓ Contacting Daniel Johnson at [daniel.e.johnson@usace.army.mil](mailto:daniel.e.johnson@usace.army.mil) or at (206) 764-3423

Which features of the preliminary alternatives do you prefer and why?

I prefer Alternative 5: Urban Area Protection. It is hard to decide without estimated costs and time concerns. The options also lack the amount of water expected to flow thru the alternative and the resulting flow thru the rest of the system.

Which features of the preliminary alternatives do you LEAST prefer and why?

Doing nothing

US Army Corps  
of Engineers  
Seattle District

# Skagit River General Investigation Study

Public Outreach on Preliminary Range of Alternatives

April/May 2012

Are there any other issues or concerns that should be considered in the study? Please be specific.

The City of Burlington has provided its Skagit Basin hydrological analysis to the Corps pursuant to the Corps Scoping Report. How will the Corps use this information?

Do you reside within the Skagit River Basin?  Yes  No

Would you like to be added to the Skagit River General Investigation Study mailing list?  Yes  No

If yes, provide us with your contact information so we can add you to the project mailing list (please print):
