Greetings All:

WDFW has assigned Brendan Brokes to act on the behalf of Rich Johnson in his absence from the Working Group. Please add Brendan to your list of contacts.

Valerie, will you please make sure that Brendan gets the latest packet of information? You might send him the Microsoft Word files of the past meeting minutes too.

I will be in contact with Brendan prior to Thursday's meeting to give him additional background information. Anything that anyone else would like to add would be more than welcome.

Brendan's phone number is (360) 466-4345 X253

Thanks!

Jackie Vander Veen

Subject: Skagit Flood Risk Management Working Group

Hi Jackie,

Thank you for the phone call. You are correct, I'm not "up to speed" with the project and would greatly appreciate any information concerning the Working Group you feel I should have. A few specific questions, what's been discussed/done to-date, what are the seven alternatives and which ones are currently favored, and what is the time and location of the meeting on the 26th?

Kurt Buchanan and myself will be attending.

Thanks again,  
Brendan
