Bob Hulbert, Chairman
Skagit Conservation District
1619 South Second
Mount Vernon, Washington 98273

Dear Mr. Hulbert:

Reference is made to your letter of 19 July 1974 requesting a representative from our office to meet with the Chambers of Commerce of Mount Vernon, Burlington, and Sedro Woolley to review the various flood control alternatives for the Skagit River basin, particularly the Avon Bypass and Lower Sauk Dam projects, previously identified in the Puget Sound and Adjacent Waters Comprehensive Study.

Mr. Frank J. Urabeck, study manager for the Skagit Basin, will be pleased to make such a presentation and is available to meet with you on 18 September. However, we would appreciate a confirmation of that date and the time and place of the meeting as soon as possible. Mr. Urabeck can be reached by calling 764-3611.

Sincerely yours,

FRED H. WEBER
Assistant Chief, Engineering Division
