

DIKE DISTRICT NO 15
SKAGIT COUNTY WASHINGTON

February 6, 1961

R. P. Young
Colonel, Corps of Engineers
District Engineer

Dear Sir:

This is a report of costs of repairs and maintenance. We have spent \$38,453.35 on our dikes from 1952 through 1959 rebuilding rock rip rap. Without state and county help we could not have done all of this work.

There is only 800 acres in our district. After the floods of 1949 and 1951 we had to levy 200 mills dike tax to pay our expenses from the floods.

We deeply feel something should be done to ease the flood threat on the Skagit river.

Commissioners

Dike District No. 15

Robert Seelye
Esther Summers
Pete Nelson
